

## **DEX'S UNLIMITED SIZE FLEXIBILITY**

### **Custom sizes – standard prices**

Polyte is able to manufacture decks in the size you want for the price of standard decks. Together with the standard Stage DEX products – which Polyte offers at very affordable prices – other dimensions using the same material and accessories can be added easily.

By creating a clear and structured pricing policy for all Stage DEX, Polyte enables her customers to create any stage design they want, without the hassle of complex and time consuming quotations.

### **Unlimited size flexibility**

Polyte is able to deliver any size deck, in a range from 50 x 50 cm to 122 x 244 cm. Further, Polyte is the only supplier of staging products who is able to make curved and circular decks. All Polyte Stage DEX are available in Top line or Basic line topping. Customized toppings can be supplied on demand.
